Architectural Association School of Architecture

The **Architectural Association School of Architecture** is an architecture school with diverse unit and programme studios, public galleries, dozens of lectures, exhibitions and publications including archives, libraries, workshops and countless moments of spontaneous revolution taking place every day.

AA School of Architecture

AA School of Architecture school, an oldest independent school of architecture in the UK, runs a flexible and self-directed curricula, combined with the institutional independence and truly global organisation, result in a rare degree of awareness, ambition and confidence – all necessary qualities for schools confronting the sweeping social, technological and cultural changes in the world today.

The courses offered at the AA School of Architecture

- A one-year Foundation Course, providing an introduction to an art and design-based education
- A five-year ARB/RIBA accredited course in Architecture
- 11 post-graduate programmes offering advanced studies for students with prior academic and professional experience
