**Honest Burgers Spitalfields - Burger Restaurant.** At Honest Burgers, we set out to do burgers a bit different from others. Honest Burgers burgers are made daily, in Honest Burgers own butchery, with great British beef, and our famous rosemary chips are cut and cooked daily, never frozen. Honest Burgers is all about top quality beef, the best potatoes and good times.

At Honest Burgers, we love local, and at Spitalfields we have our own exclusive local burger, alongside some great local beers from neighbouring breweries. Plus there's a new special burger every month, inspired by local food heroes. Find our burger restaurant on Widegate Street, just off Bishopsgate and moments away from Liverpool Street station.
