Imperial College London is one of the top five universities in the UK and 10 worldwide, Imperial College London is a world leading university whose reputation for excellence in teaching and research attracts students and staff of the highest international quality. **Imperial College London** has been ranked third in Europe and 10th in the world

Imperial College London

A place where engineers work alongside clinicians, scientists rub shoulders with designers, and mathematicians collaborate with business experts, **Imperial College London**, is the only university in the UK that focuses exclusively on sciences, engineering, medicine and business, enabled by friendly environment of collaborative discovery where exciting things happen every day.

South Kensington main campus is in a beautiful area of central London surrounded by Natural History Museum, Victoria and Albert Museum, Science Museum and Hyde Park nearby. It is within easy reach of the best of London's museums, parks, shops, and nightlife.

Imperial College London, Student Support

Imperial College London has experts in the field of Biochemistry, including Neuroscience which interest many students from around the world, support for students to problems in classes, academic tutorials and help from technicians during lab practicals.

The support to problems in classes and academic tutorials is important to reinforce the knowledge students at Imperial College London have learnt in the lectures as well as help students think further for themselves.
