Lead Academy is a leading provider of online training, practical courses, and professional accreditation. Our innovative e-learning platform offers professional qualifications with materials accessible wherever, whenever through your computer, tablet, or even your phone!

Lead Academy knows that learning doesn’t begin and end in the classroom. Education is an ongoing process throughout our lives. That’s why we offer courses covering a variety of subject areas, accessible anywhere in the world. We keep our training affordable without losing out on quality, with all materials designed and delivered by industry experts.

Through this, we aim to help people achieve their personal and professional development, with the UK and internationally-recognized accreditation as proof of their new skills and knowledge
