Mr Fogg's House of Botanicals

Mr Fogg's House of Botanicals is filled with flora and fauna collected from all over the world. Mr Fogg's House of Botanicals was created with the adventurous in mind. Five years ago, Phileas J. Fogg, Esq. opened the doors to his Mayfair Residence, followed by his Tavern and Gin Parlour in Covent Garden.

Recognised as skilled in the art of securing safe passage through some of the world's most unknown locales, Fogg became sought-after for his ability to transport all manner of strange and exotic flora and fauna. Ever the pedantic man, Phileas insisted Passepartout kept a careful record and sample of every seed and plant-cutting he'd ever successfully collected. At **Mr Fogg's House of Botanicals**, you escape the hustle and bustle of the Big Smoke and enter this Victorian inner-city oasis, every Thursday
