You can free yourself from chronic pain with our regenerative medicine treatments. At QC Kinetix (Kettering), our goal is to help you live a healthier, happier life by offering non-surgical alternative treatments for conditions that cause chronic pain. Millions of Americans today suffer from the effects of chronic pain, and that number continues to rise. Whether you need

- knee pain treatment,
- Kettering hip replacement alternatives,
- relief from shoulder pain,
- relief from elbow pain,
- wrist and arthritis pain treatment, or
- treatment for sports injuries

We can help you get relief while avoiding surgery so you can return to your normal life activities as quickly as possible. If you're experiencing chronic pain brought on by medical conditions, stress, or even from an accident, and your treatment options have been a series of temporary fixes, it's time to find a better solution. At QC Kinetix (Kettering), we provide non-surgical regenerative medicine treatments for joint pain to residents of Dayton and surrounding areas. Our biologic therapies are a perfect solution for anyone seeking alternatives to surgery for pain.
