At Signature, we design, manufacture and install bespoke kitchens, bedrooms, TV walls, media rooms (media wall) and bespoke headboards in Coventry, Kenilworth, Leamington Spa and beyond. Our team of designers, furniture makers and fitters have a wealth of experience that ensures a quality finish every time.

Our reputation has been founded on a dedication to a genuinely personalised experience and a commitment to excellence. We can also design, build and install TV Walls/Media Rooms for clients ensuring their home audio and visual experiences are second to none. Whether you are fortunate enough to own a 100" TV and have the space to use it, a 32" or any size in between, we can create a bespoke TV Wall / media wall for you.

Using the screen as the primary focus, we can create storage solutions and ambient mood lighting for the perfect film-watching experience and incorporate the sound system all as one feature. To benefit from the Signature approach, call us today to inquire and book your home visit.
