Synergy<sup>2</sup> is a professional pest control company in Jackson that has been providing pest control and other related services to the people of Jackson MS since we opened our doors. We have the best technicians and equipment to get rid of unwanted pests from your home or office. Our technicians are trained and certified and have years of experience in treating various kinds of pests like rodents, ants, roaches, and spiders among others.

We provide complete extermination services for all types of pests like mice and rats that may infest your home or business premises. We also provide routine inspections on your property so that we can help you prevent future infestation of these animals by keeping them under control with our regular treatment plan.

We also offer vacuum cleaning services for homes and businesses that need to be cleaned from insects or dust mites. This will help prevent further damage caused by these pests as they will not be able to survive in a clean environment anymore.
