West Greenwich Library

The Library of West Greenwich is situated in the center of West Greenwich. This new library, along with a wide variety of books, videos and music for adults and children, provides free wi-fi and internet access for the city.

Library of West Greenwich offers dedicated sections for adolescents and infants, as well as research areas and points of self-discussion. West Greenwich Library also has its own art gallery, which exhibits on a rolling programme the work of local artists. The work of art is accessible to all and individual items are commonly available for purchase.

Attractions, Libraries, archives and foundations

Originally opened in 1907 and refurbished just over a century later, this lovely library is just one of Greenwich's many riches. It has a gallery room (pictured) showcasing local artists' work, as well as the normal computers and books.
